WSCR COMMUNITY GARDEN PLANT EXCHANGE

25 Weston Park SW

Plants and Seeds

Bulbs and Cuttings

Gardening Equipment

Gardening Books

Garden Decor

The Plant Exchange provides a place where gardeners can offer plants, seeds, cuttings and bulbs for trade and make requests for what they are seeking. Items for sale are not permitted. We invite gardeners to bring in their plants, take away any plants that might interest them, view the community garden site and meet neighbour gardeners.

REMEMBER

To label all your plants (common name, mature height, colour) **PRIOR** to arriving, this helps speed up the check-in process. Plant advisors will assist in the identification process.

Also, please review [Alberta's Invasive Plant Council's](#) website for information regarding invasive species. Any plants brought that appear on this list will be turned away. For more information go to: WSCR.CA/Events
